Education

Indian Institute of Technology (Indian School of Mines), Dhanbad

Bachelor of Technology in Chemical Engineering

Oct 2022 – May 2026

Dhanbad, Jharkhand

Experience

Systems for sme

Feb 2026 – Present

Growth Lead

Dhanbad

- Built an **Instagram-led B2B lead generation pipeline** targeting small business owners, converting organic leads into consulting calls through a 5-stage client journey — outreach → email nurture → strategy call → custom proposal → automation delivery.
- Conducted **process audits** for client businesses, scoped no-code/low-code automation solutions, and delivered customized proposals addressing specific operational bottlenecks to reclaim founder time.
- Operated a **zero-cost growth stack** (CapCut, Canva, Linktree) to build brand presence and drive inbound lead flow without paid acquisition.

Ascend Capital

Jan 2026 – Feb 2026

Product Operations Manager Intern

Remote

- Gained an end-to-end understanding of the company's business and operations, building **daily reports** to track key metrics and support data-driven decisions.
- Prepared the **sales incentive structure** and collaborated with the **IT team** to automate incentive generation, eliminating manual calculation effort.
- Mapped the **dealer onboarding** process to understand operational touchpoints and identify opportunities to streamline the workflow.

Recruithunt

Jun 2025 – Sep 2025

Business Analyst Intern

Remote

- Partnered with sales to implement data-driven lead generation, boosting sales conversion by **10%** through optimized cold calling, email campaigns, and LinkedIn outreach.
- Developed **wireframes, market research docs, and prototypes** for 3 features; conducted market research and funnel analysis that identified **5 opportunities** and improved conversion.

Projects

OLA Ride Insights (Power BI Dashboard) | *Power BI, DAX, Power Query* | [GitHub](#)

- **Built** an interactive Power BI dashboard on **100K+** ride records, visualizing volumes, cancellations, revenue, and ratings using Power Query for data cleaning and **DAX measures** for region-specific analysis.

Accredian Gamified Product Deck | *Problem Solving, User Persona, GTM Strategy, Feature Prioritization* | [GitHub](#)

- **Designed** an interactive student dashboard for Accredian using user personas and feature prioritization to enhance gamification and increase engagement by **30%**.
